# Computer Graphics Final Project

## (MANUAL)

This is the home page of the project. From this page you can check every submission that I have made by clicking of the desired submission link (Ex: Submission 1). To view the entire project, Click on Enter and It will take you to next page.

Here You can rotate the object on X, Y or the Z axis according to your wish by adjusting the controls on the top-right of the page. Click next to move on.

Here you can use mouse click to zoom in or zoom out the object. You can also translate the object from one place to another using either arrow keys or mouse. Also you can view the object with multiple views. Click next to move on.

Here similar to the earlier page you can use mouse of arrow keys to play around with the objects. Click on next to move on.

Here you can move around 360 degrees with the help of mouse. Finally hit home to go back to the project home page.
